5 What I wanted to know is whether the scheme has been fully financed and whether the Municipality was free to turn its revenues for expenditure in other directions. Whether in fact it could be asked to take up the question of a Female Dispensary which

had to be deferred formerly. I shall be glad if the Municipal Section can kindly furnish this information.

6 The water supply scheme has just been sanctioned and work has not commenced. The Mn Cl will be able to finance the scheme only by retrenchments in other directions for 2 years more. Therefore they may not be able to find funds for the Female Dispensary now.
